SUMMARY

Aspiring Software Engineer with expertise in C, C++, Python, and Web Development. Passionate about building dynamic web applications using HTML, CSS, and JavaScript. Skilled in Data Structures Algorithms with hands-on experience in Machine Learning. Developed projects like Iris Flower Classification (ML), a real-time Weather App, and a personal Portfolio Website. Always eager to learn and implement innovative solutions in the tech world!

EDUCATION

ITS Engineering College Greater Noida Uttar Pradesh, Bachelor of Technology (B.Tech) Sept 2021 – May 2025
in Computer Science Engineering
• CGPA: 7.2

TECHNICAL SKILLS

Programming Languages:

- C, C++, Python, HTML, CSS, JS, Data Structures And Algorithms (DSA), OOPs, React js

Web Development:

- HTML, CSS, Js (DOM Manipulation), Responsive Design (Media Queries, Flexbox, Grid), Bootstrap

Database Backend:

- SQL (Basic Queries, Joins, Indexing), JQuery, Database Management System (DBMS)

Tools Platforms:

- Git, GitHub, VS Code, Postman (For API Testing)

INTERNSHIP/EXPERIENCE

Intel Unnati Industrial Training , 2024

- Integrated Common Services To Common People- Role (Service Coordinator/Manager, Service Provider, Technical Support) and Responsibilities (Facilitating Access to Essential Services, Streamlining Processes, Ensuring Transparency and Accountability, Collaboration with Various Departments):

Freelance Frontend Developer - Infrabull, HiveHostel ,2024

- Designed and implemented responsive user interfaces, collaborating with backend developers for seamless API integration and ensuring cross-browser compatibility.

Projects

Iris Flower Classification (Machine Learning, 2023)

- Developed a machine learning model using Scikit-Learn to classify iris flowers into Setosa, Versicolor, and Virginica with 96 accuracy. Used Python, Pandas, NumPy, and trained the model on the Iris Dataset.

Weather App (Web Development, 2024)

- Built a real-time Weather App using JavaScript, HTML, CSS, and integrated OpenWeather API to fetch and display current weather conditions. Implemented search functionality and a dynamic UI for a better user experience.

Portfolio Website (Front-End, 2024)

- Designed and developed a fully responsive personal portfolio using HTML, CSS, JavaScript. Showcases projects, skills, and contact details. Hosted on GitHub Pages with smooth UI animations.

LANGUAGE/SOFT SKILLS

Languages: Hindi, English

Soft Skills: Problem Solving, Communication, Time Management, Adaptability, Attention to detail, Empathy and Active Listening.
